

Balloon Debate Guide

1. **Participants:**

Choose 5-6 students or assign each one a famous person to impersonate.

2. **The Scenario:**

You're all in a hot air balloon that's falling! One person must be thrown out to save the others. Your job is to argue why you should stay in the balloon.

3. **Speeches:**

- **Time Limit:** 1-2 minutes each.
- **Purpose:** Convince the class why you should stay.

4. **Class Voting:**

After all speeches, the class votes on who should be thrown out. The person with the most votes is eliminated.

5. **Repeat:**

Continue the debate until only one person is left.

6. **Winner:**

The last person remaining in the balloon wins!
